Pioneer in Integrative Dentistry and Medicine

Sponsored by
Board of Integrative Medicine

Dental Whole Body Connection Residency Program

Residency Program

This Residency Program is designed to teach a comprehensive approach to defining the patient's core issues. A multi-dimensional paradigm now enables practitioners to view patient complaints from an integrated knowledge base rather than focusing on just symptoms. This Residency Program will bullet proof you and your practice from becoming obsolete in a rapidly changing health care industry.

What the Experts Are Saying

"Thank God we have you!

You are always a million years ahead in healing compared to conventional treatments.

Can't wait for residency courses in advance techniques in the Theraphi Plasma System and CyberScan.

All your training has saved hundreds of lives in my practice. I mean from death. I use your training every day — from the basic nutritional concepts to scalar technology.

Thanks for making a difference and making me make a difference in these times."

Sincerely,
Your Student Always

Paul Moon, DDS, IMD
Toronto, Ontario

"I love the fact that Dr. Smith teaches from a common sense point of view.

I find the simplest answer is usually the right answer, and Dr. Smith has spent his life refining difficult treatment modalities down to the easily-understood, easily-taught concepts.

From my own years of study, I can truthfully say that I am in awe of the incredible amount of information I brought home from his workshops. Dr. Smith is dead on in his diagnostic approach and treatment delivery."

Dr. Mark Warden
Tennessee, USA

Dental Whole Body Connection One Hour Lecture

Saturday, October 28, 2017

Topics:

- Cranial distortions and somatic symptoms
- Denture lower back pain connection
- Pitfalls of third molar extractions
- Cavitations as an etiology for autoimmune disease
- Dental emphysema connection
- Dental rheumatoid arthritis connection
- Dental congestive heart failure connection
- Dental Raynaud's connection
- Dental cancer connection
- Dental vertigo connection

Three Hour Hands-On Workshop

Sunday, October 29, 2017

- Global approach to assessing patient's chief complaints
- Learn the Quantum Testing Technique

Doctor Smith is a recognized international authority on craniomandibular somatic disorders with a focus on resolving chronic pain. He is the author of numerous articles on the ALF appliance and two landmark textbooks for professionals, *Cranial-Dental-Sacral Complex* and *Dental Orthogonal Radiographic Analysis*. He has also contributed equally important books: *Headaches Aren't Forever* and two recently published books, *Reversing Cancer* and *Alternative Treatments For Conquering Chronic Pain*. The latter is one of the first integrating osteopathic, chiropractic, dental, physical therapy, and nutritional concepts. Doctor Smith's forty-six years of clinical research has uncovered several of the major missing links that focus on the dental whole body connection regarding the treatment of cancer, chronic pain, and somatic structural instability. Doctor Smith has a specialty practice in craniodontics, chronic pain and nutrition in Langhorne, Pennsylvania.

What to Expect

Residency Program

December 1 & 2, 2017

Session I - Dental Whole Body Connection

- The five key areas of dysfunction
- Defining Core Issues using Quantum Energy Testing Techniques
- Live patient evaluations to enhance your learning experience

January 19 & 20, 2017

Session II - Dental Cranial Connection

- Defining cranial distortions
- How to manually correct cranial lesions with occlusal support
- Live patient evaluations to enhance your learning experience

April 6 & 7, 2018

Session III - Quantum Nutrition

- Understanding the physiological effects of nutrients
- How to accurately test and dose nutrients
- Understanding dental body somatic dysfunction and nutritional support
- Live patient evaluations to enhance your learning experience

May 11 & 12, 2018

Session IV - Comprehensive Examination and Cranial Evaluation

- Why cranial faults are a primary cause of TMD
- How cranial distortions cause acute and chronic pain
- How to diagnose and correct cranial distortions

CEUs
14 units per session
