VOL. 20

WINTER 2013

### WORLD ORGANIZATION OF NATURAL MEDICINE & UNIVERSITIES OF HUMANITARIAN MEDICINE FEDERATION CLINICS FOR HUMANITY

The World Organization of Natural Medicine (WONM) is an international non-profit, politically and religiously neutral humanitarian NGO established as per World Health Organization Alma Ata 1978 declaration and adopts The UNIVERSAL DECLARATION OF HUMAN RIGHTS, the Jus humanae salutis, Montevideo Convention and the ultimate law "LOVE".

WONM is a registered NGO participant of United Nations Global Compact and is a partner organization of the Multipurpose Inter-parliamentary Union

The mission of WONM is to fulfill the duty entrusted to it by its first meeting of its founders, which is, the delivery of primary traditional and natural medicine health care, education and peace building geared towards the world's underserved people who are economically deprived due to conflicts and or natural disasters.

Individuals within traditional, orthodox healthcare and non- healthcare are invited to be members.

# WONM ORGANIZATIONAL STRUCTURE

The organizational structure of WONM is outlined here for a better understanding of its relationship to various departments affiliated groups.

- **Presidential Department:** The president is responsible for all diplomatic affairs, establishing international collaboration and affiliation with local and international organizations in accordance with WONM's mandate for, the restoration and effective delivery of natural medicine as the appropriate health care choice, especially geared towards developing nations.
- **Registry:** This department is an extension of the presidential office and is operated under the auspices of appointed presidential chancellor. Its function is in organizing conferences, symposium, presidential counselor, undertaking task at the request of its president. Academic chancellor coordinator of academic research projects, purpose of maintaining research data base.
- **WONM-UHMF:** Its mission is to serve as (1) an international community of scholars of Humanitarian Medicine, (2) a bridge between, humanitarian educational resource institutes and other humanitarian organizations, and (3) a think tank in support of the World Organization of Natural Medicine Humanitarian programs.
- **Ambassadors:** Appointed by the president to establish chapters world in accordance with WONM mandate.
- **Humanitarian Department:** WONM-Clinics for Humanity is Accredited under the Humanitarian medical Order of Knight Hospitallers (HMOKH) and Order of Orthodox Knights of St. John and the Multi-Purpose Parliamentary Union for humanitarian endeavors.
- **Certification Department:** The certifying organizations are headed by presidents appointed by WONM 'president and function as extension of its registry and are responsible for certifying practi-

tioners in accordance with educational standards as established by WONM.

- WONM certifying organizations and affiliated educational institutions are listed on network website [www.wonmunivefed.org](http://www.wonmunivefed.org)

## DOCTORAL RESEARCH

WONM-University of Humanitarian Medicine post graduate research and fellowships programs are formalized leadership development effort that focuses on developing the WONM research department. Non-Members are not eligible and will not be accepted for these programs. Eligibility is a second level degree education.

The program is supervised in Canada by research supervisors at the Canadian College of Humanitarian Medicine.

Information on what is the difference between second level degrees and doctoral research is available on our website [www.wonm.org/blog.html](http://www.wonm.org/blog.html)

## AWARDS

Awards and accolades are tangible symbols signifying approval or distinction. Nominations for these awards are presented to our Awards Committee for consideration.

WONM-UHMF has instituted a system for awards through the office of WONM-Registrar. The honors are conveyed by the evaluation of nominations sent to its office throughout the year, and then considered by the Awards committee for conveyance at its annual congress.

We are pleased to send them upon approval, the sponsorship of award accolade and invitation for our 2013 annual Symposiums. [We look forward to receiving your recommendations by July 30, 2013.](#)

# CLINICS *for* HUMANITY

WONM-Clinics for Humanity™ members provide FREE humanitarian outreach services geared towards the poor, in areas of traditional medicine healthcare, community development, poverty relief and education, leadership, and peace building.

We believe in the each one teaches one philosophy until the whole village, town, city and country is self-sufficient. This can only be achieved by re- establishing, traditional natural

medicine healthcare and techniques which are indigenous to a local area. Education is the key to poverty relief not “hand- outs”

WONM-Clinics for Humanity projects are financed by members and sponsors, and non-government organization without conditions attached.

Some members are still not aware of the mandate and criteria

for continued membership in WONM and its affiliate certifying organizations.

Participating in WONM-Clinics for Humanity activity is a requirement of your membership obligation. Humanitarian outreach cannot be done under the auspices of other organization as their mandate is not congruent with our mandate for effective delivery of traditional healthcare geared towards the poor.

- Medicine to the developing nations
- Rewarding and challenging
- Beyond emergency medicine to wilderness medicine

## YOU MAY SATISFY YOUR HUMANITARIAN MEDICINE OUTREACH OBLIGATION IN ONE OF THE FOLLOWING EVENTS

- **International outreach:**  
Training village outreach workers and general clinic services
- **Canadian outreach:**  
services to abuse women-counseling, and addictions management
- **Summer in the park outreach:**  
community assessment and handing out brochure
- Put a clinic for humanity sign and a donation drop box in your place of business to bring more awareness and help raise funds.
- Have a Clinic for Humanity garage sale and donate the proceeds to WONM-Clinics for Humanity program
- Help provide with your donation to WONM scholarship and fellowship program.
- Think of other ways to help your organization. It is up to you to propagate natural medicine for the poor.
